Race Car Count: A Colorful Adventure for Early Literacy

Rebecca Kai Dotlich's "Race Car Count" is not your average counting book. It's a linguistic playground where words, numbers, and imagination collide to create an unforgettable learning experience for children ages 2-5. With its vibrant illustrations and playful rhymes, this book transforms language learning into an exhilarating race to the finish line.

As the race cars zoom across the pages, each car displays a different number from one to ten. Rebecca's clever wordplay weaves these numbers into the story, encouraging young readers to identify and count along. But it doesn't stop there! Every car also bears a unique letter, introducing children to the alphabet in a fun and engaging way.

The story's protagonist, Rebecca, serves as both the narrator and a friendly guide, inviting young readers to join her on this literary adventure. Her enthusiasm for language is contagious, igniting a spark in every young mind.

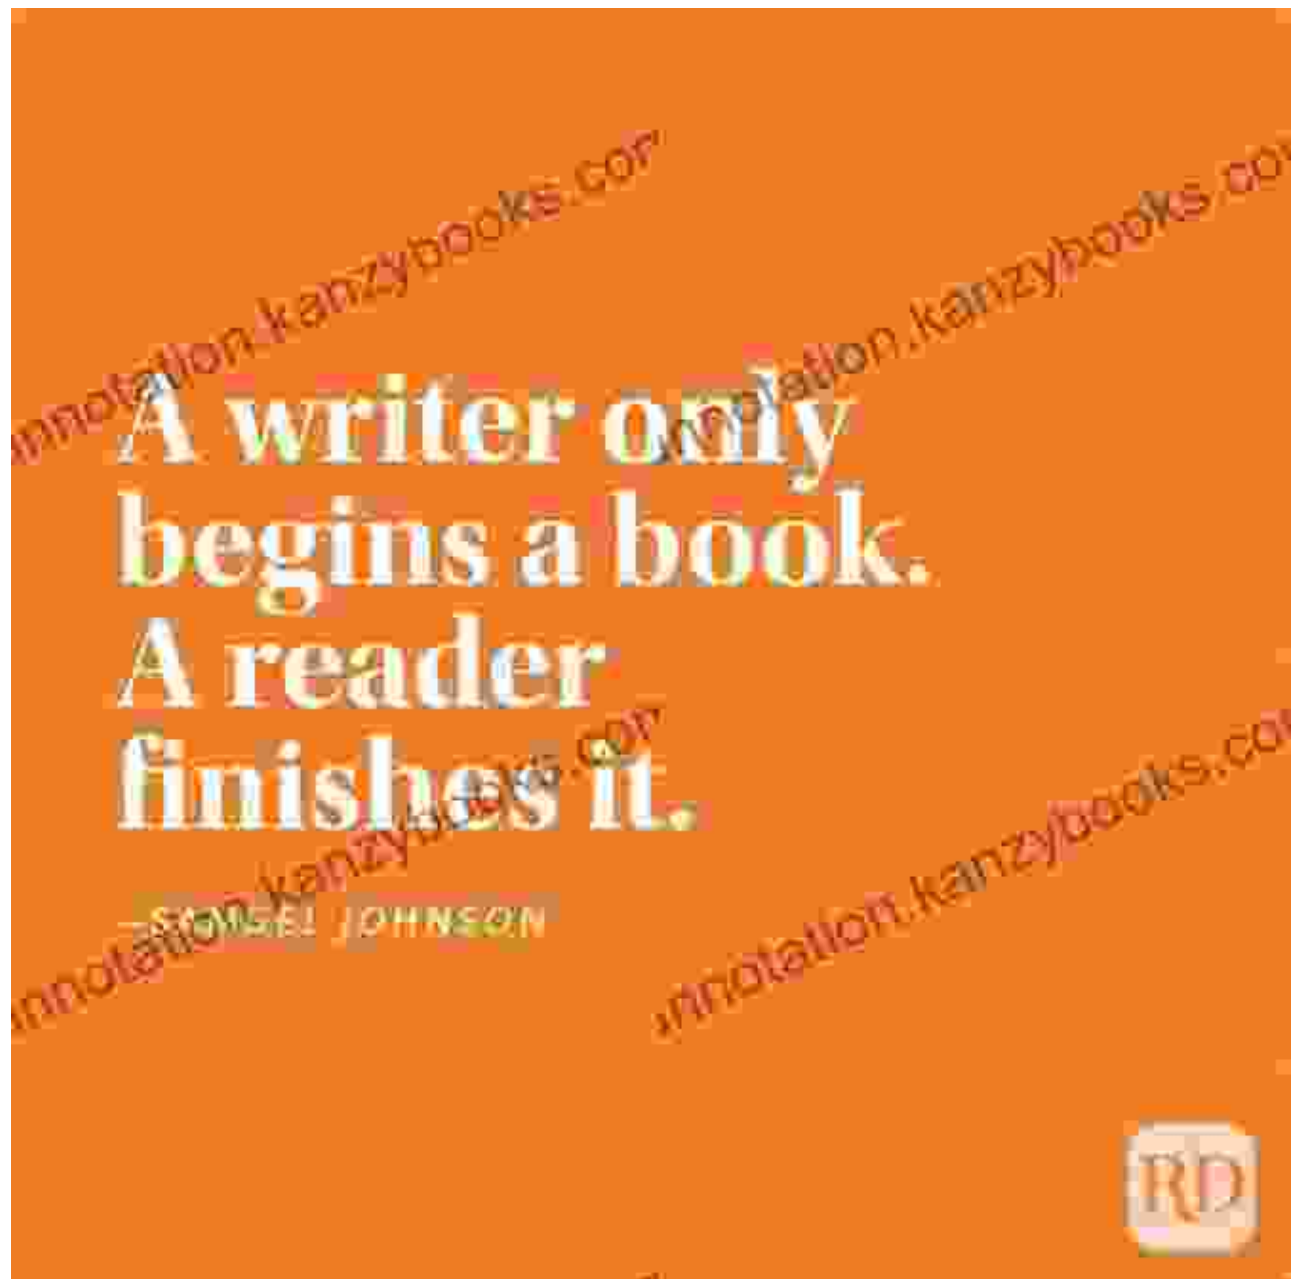

Beyond the Race: Language Explorations Abound

"Race Car Count" goes beyond simple counting and letter recognition. It opens up a world of language exploration, encouraging children to engage with words in a meaningful and playful way. Rebecca Kai Dotlich's clever rhymes and vibrant illustrations create an immersive environment where children can:

- **Enhance their vocabulary:** The story introduces a rich vocabulary, exposing young readers to a wide range of words related to racing, numbers, and colors.
- **Foster phonemic awareness:** The rhyming words throughout the book help children identify and manipulate individual sounds in words, laying the foundation for early reading skills.

- **Develop spatial awareness:** The racecar setting encourages children to think about spatial concepts like "first," "last," and "behind," expanding their understanding of their surroundings.
- **Encourage creativity and imagination:** Rebecca's whimsical illustrations and playful language spark imagination, allowing children to create their own stories and adventures.

Critical Acclaim and Educational Value

"Race Car Count" has garnered widespread praise for its playful approach to language learning and its educational value. Early childhood educators and parents alike have hailed it as an invaluable resource for fostering children's literacy skills and expanding their love for language.

The book has been recognized with numerous awards and accolades, including:

- **Parents' Choice Gold Award**
- **Independent Publisher Book Award (IPPY)**
- **National Parenting Product Award**

Educators have also incorporated "Race Car Count" into their classrooms, utilizing it as a springboard for discussions on language, math, and creativity. The book's versatile nature makes it suitable for a wide range of educational settings, from preschools to elementary schools.

About the Author: Rebecca Kai Dotlich

Rebecca Kai Dotlich is an acclaimed children's book author and early childhood educator with a passion for language and literacy. Her books, including "Race Car Count," are renowned for their playful approach to learning and their ability to spark a love for reading in young minds.

Rebecca's background in education has deeply influenced her writing, guiding her to create stories that are both entertaining and educational. She believes that every child has the potential to become a lifelong learner and that books can play a pivotal role in igniting that passion.

Get Ready, Get Set, Read!

If you're ready to embark on a literary adventure that will ignite your child's love for language, "Race Car Count" is the perfect starting line.
