

# Xerophthalmia Dry Eye Remedies Revealed: The Ultimate Guide to Preventing and Treating Dry Eye Disease

## What is Dry Eye Disease?

Dry eye disease, also known as xerophthalmia, is a common condition that occurs when the eyes do not produce enough tears. Tears are essential for keeping the eyes moist, lubricated, and free of infection. When the eyes do not produce enough tears, they can become dry, irritated, and uncomfortable.

## Symptoms of Dry Eye Disease

The symptoms of dry eye disease can vary from person to person. Some of the most common symptoms include:
